

SEXY VS SAD

Looking hot in a lace dress

We love how Kelly Brook and Ashley Tisdale work these smokin' numbers.

Looking totally not hot in a lace dress

Yes, Michelle Heaton and Gwynnie, we mean you...

Being a fearless man,

like father of six, Brad Pitt. "Yep, I'm as tough as nails," he boasts. "I'm impervious to poo, snot, urine, vomit..."

Being a lazy man

If Brad can handle all that baby mess, you'd think other men could at least wash their socks. But only 5% of women say their partner does the laundry.

'50s film-star style

Katy Perry's eyebrows.

'80s porn-star style

Pamela Anderson's eyebrows.

Sexy celeb spawn

We're absolutely loving Georgia May Jagger's fire-engine red lipstick.

Cringey celeb spawn

Who's going to tell Pixie Geldof this is *not* a good look?

Recycling your love life and dating your ex – as long as it's desire, *not* desperation.

Recycling your son's love life and dating his ex, like geriatric rocker Brian Ferry. No!

Welcoming singer Seal back

His new album *Soul* is simply divine!

Waving goodbye to the common seal

Scientists are baffled they're disappearing from our shores.

HEART TO HEART

If you don't have a beloved this V-Day, treat the person you love best – you! – to a charm bracelet from the British Heart Foundation. It costs £3.99 and each heart charm is £2.99 from www.bhf.org.uk/red. It'll warm your heart too as it's such a good cause.

BOOK OF THE MONTH

The Cradle Snatcher by Tess Stimson (£6.99, Pan Books)

We've always been big fans of Tess Stimson's chick-lit-with-a-twist, and this is her best yet. Committed businesswoman Clare's world falls apart when she has twins – and starts to doubt herself even more when she hires Jenna, an über-efficient nanny. Meanwhile, what is her hot young husband hiding? Told alternately through the eyes of each character, it's a racy roller coaster of a read.
